

LOCAL PERSONALS.

Judge Will R. King arrived Saturday from Salt Lake to attend the irrigation meeting, stopping off one day in Boise. He left the first of the week for Burns on legal business.

W. H. Brooke and family visited in Boise Friday and Saturday.

Reno Lowe, formerly of Ontario, was here from Meridian last week business.

Mr. and Mrs. E. M. Dean of Nysaa, and their daughters were Ontario visitors on Saturday. Mr. Dean recently returned from a trip to Kansas City and other Middle Western points and reports that while conditions may not be the best here they are infinitely better than they are back in the corn states.

Cards have been received in Ontario this week telling of the arrival at the home of Mr. and Mrs. A. F. (Dooley) Riddle in Boise, of Arthur Shaw Riddle, who was born on December 1.

Mrs. M. E. Osborn stopped off in Ontario this week for a few days visit.

Mr. L. Barnett of the firm of Barnett & Record, one of the middle west's largest contracting and engineering firms, with headquarters at Duluth, Minn., arrived here last Sunday for a short visit with his nephew and niece, Mr. and Mrs. E. M. Greig. He left Monday afternoon for Pacific coast points.

I want to trade Boise modern home rented for \$50.00 per month for improved 20 to 40 acres. Call at telephone office—J. A. Lackness. 2t.

"ZAN" GARREN BURNED IN FIRE AT ST. ANTHONY, IDAHO

In a fire which destroyed the Paramount Theatre and other buildings at St. Anthony, Idaho, A. W. (Zan) Garren, son-in-law of Mr. and Mrs. C. W. Atherton of this city, and himself a former Ontarian who worked for years for the old Empire Lumber company, was badly burned. He was coupling a nozzle to a hose in front of the burning building when an explosion of some kind took place burning him and four of his companions, according to advises Mr. Atherton received today. Garren's injuries while not deemed dangerous, are serious and painful. It is believed that it will be necessary to graft skin upon three of his fingers. The other injuries were about his head and arms. The building which was totally destroyed, was the property of C. E. Watson, formerly proprietor of the Ontario Pharmacy here.

L. ADAM ELECTED HEAD OF SHRINE CLUB FOR NEW YEAR

At the meeting of the Malheur county Shrine club held here on Tuesday, Nov. 29, which the Argus overlooked in its last issue, L. Adam of this city, was elected president for the coming year and D. W. Powers was named secretary-treasurer. The entertainment committee was named as follows: O. G. Luehrs, Dr. E. S. Fortner of Ontario, and Harry Speeth of Vale. Besides electing officers, the fest wearers enjoyed an interesting smoker program including several boxing bouts and a battle royal. The next meeting of the club will be held sometime after the holidays.

HIGH SCHOOL GIRLS TO PRESENT CIRCUS

"Wild Animal Shows", "Clowns", "Mystic Performers", "Gigantic Spectacles" and Many Dancing Damsels to Entertain Crowd

Quietly, and without even taking the High school boys into their confidence, 100 High school girls have been secretly preparing for the presentation of a mammoth society circus, which they will present at the American Legion Hall, Friday, Dec. 16th.

There is something mysterious about the performance that not even the ubiquitous press agent of the circus could get a line upon. But there is to be a performance that will be appreciated, for it is going to require the effort of 100 High school girls to present. And any of the High school boys will declare that 100 High school girls are able to entertain in a most enticing manner. Miss Ada Lee of the physical training department is ringmaster. The date is December 16th.

DAIRY RECORD KEEPING POPULAR WITH CLUB MEMBERS

Four Dairy Herd Record Keeping Clubs have been organized within the last two weeks in this county. "If I'm going to have to help dad milk the cows he is buying I want to know if they are making money," is the way one youthful dairyman expressed it when enrolling with one of these clubs. Each member selects at least two cows, either his own or his neighbors, and keeps accurate records on them for a period of six months. The record of each cow includes the butter-fat, labor and feed records, because it is necessary to have all three in order to know exactly what the cow is doing. The butter-fat record is found by weighing and testing the milk every two weeks. The feed record is an estimate of the hay and pasture, but accurate weights of all grain, root crops, etc., are made once a month.

During the project year, several trips are made to score dairy barns and equipment, and a limited time is spent in judging dairy cows.

The clubs which have been organized at the present are at Oregon Slope, White Settlement, Big Bend and Kingman Colony.

PICKS THREE ONTARIANS FOR ALL STAR ELEVEN

(Continued from page one)

Ontario, who developed in a great defensive player and on the offense, with his associate Dunton opened up holes for the backs. To go with Secoy, I would select Whittier of Caldwell, who played at tackle, but is too valuable to any line to be left off an all-star aggregation.

"There were no star centers in conference. In fact this position, and that of quarter back both present a hard choice. Perhaps the best center, comparatively was Armitage of Nampa, who was the bulwark of the Nampa forwards both defensively and on the offense. Yet he had little on Wiseman of Ontario, who was playing his first year. Given more experience and Wiseman will be hard to beat.

"For quarter, as indicated above, there was a dearth of material. In fact poor generalship was one of the outstanding features of the play this fall. Had Quinter of Boise been in all the games he might have been chosen, and it is question whether he should not be selected. But I have named McKee of Nampa, who with a light line, but using good judgment withstood the attack of the bigger teams and thus, I believe has the edge.

"The hardest selections to make is for the half backs. Here there was plenty of material of almost on a par in ability. Had he been on a stronger team, Beardsey of Weiser, would have been a shining light. He possesses all the natural qualities of a good half under the new rules. He can run well in a broken field, is a good passer, as well as adept in receiving passes. For his running mate I would name Garrity of Caldwell, who while not as flashy at times as his own running mate, Lowell, is I believe more dependable, a harder plunger and one of the best backs in the conference.

"There were only two classy full backs, and between them there is but a narrow margin. They are Cameron of Boise and Hostettler of Nampa. Both punt well and both are good passers, but Cameron has the edge as a running back, and for that reason, though he is not equal to the Nampian as a punter, gives him sufficient edge to be named as

TWO YOUNG MEN OF VALE ARE INVOLVED IN SERIOUS CRIME

Found guilty of contributing to the delinquency of two fifteen year old Nysaa girls, two Vale boys, Frank Davis and Rollo Williams were found guilty and tried this week at Vale, and fined \$100 each and given 30 days in jail. The girls were found with the young men in a shack west of the city limits where they had been for several days. The girls were committed to the House of the Good Shepherd in Portland.

ONTARIO TO HAVE FLOWER SHOP

Mrs. L. J. Marble of Boise, Idaho, in cooperation with the Payette Greenhouses of Payette, is opening a flower shop in the Osborn Millinery and will be open to the public Saturday of this week. Mrs. Marble formerly operated a shop in Boise.

CARD OF THANKS

We wish to express our heartfelt thanks to our many friends for their sympathy and kindness at this time, in our bereavement at the death of our beloved mother.
